

Monaghan Collegiate School

CRITICAL INCIDENT POLICY

Monaghan Collegiate School aims to protect the well-being of its students and staff by providing a safe and nurturing environment at all times. Our motto of “Working together so that we may flourish as individuals” is derived from our mission statement introduction “Monaghan Collegiate School is dedicated to providing a quality education service, within a caring Christian environment, in which all work together to create a cohesive milieu within which the individual can develop and fulfil their full potential”. The Board of Management, through Mr J Reid has drawn up a Critical Incident Management Plan as one element of the school’s policies and plans.

Review and Research

The CIMT have consulted resource documents available to schools on www.education.ie and www.nosp.ie including:

- Responding to Critical Incidents Guidelines and Resources for Schools (NEPS 201 6)
- Suicide Prevention in Schools: Best Practice Guidelines (IAS, National Suicide Review Group (2002)
- Suicide Prevention in the Community - A Practical Guide (HSE 2011)
- Well-Being in Post-Primary Schools Guidelines for Mental Health Promotion and Suicide Prevention (DES, DOH, HSE 2013)
- Well-Being in Primary Schools - Guidelines for Mental Health Promotion (DES, DOH, HSE 201 5)

Define what you mean by the term ‘critical incident’

The staff and management of Monaghan Collegiate School recognise a critical incident to be “an incident or sequence of events that overwhelms the normal coping mechanism of the school”. Critical incidents may involve one or more students or staff members, or members of our local community. Types of incidents might include:

- The death of a member of the school community through accident, violence, suicide or suspected suicide or other unexpected death
- An intrusion into the school
- An accident involving members of the school community
- An accident/tragedy in the wider community
- Serious damage to the school building through fire, flood, vandalism, etc
- The disappearance of a member of the school community

Aim

The aim of the CIMP is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support

is offered to students and staff. Having a good plan should also help ensure that the effects on the students and staff will be limited. It should enable us to effect a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

We have put systems in place to help to build resilience in both staff and students, thus preparing them to cope with a range of life events. These include measures to address both the physical and psychological safety of the school community.

Physical safety

The school takes the welfare of its staff and students very seriously, with a fully operational Health & Safety policy including:

- Evacuation plan formulated
- Regular fire drills occur
- Fire exits and extinguishers are regularly checked
- Full supervision of students

Psychological safety

The management and staff of Monaghan Collegiate School aim to use available programmes and resources to address the personal and social development of students, to enhance a sense of safety and security in the school and to provide opportunities for reflection and discussion.

- Social, Personal and Health Education (SPHE) is integrated into the work of the school. It is addressed in the curriculum by addressing issues such as grief and loss; communication skills; stress and anger management; resilience; conflict management; problem solving; help-seeking; bullying; decision making and prevention of alcohol and drug misuse. Promotion of mental health is an integral part of this provision
- Staff have access to training for their role in SPHE
- Staff are familiar with the Child Protection Guidelines and Procedures and details of how to proceed with suspicions or disclosures
- Books and resources on difficulties affecting post primary school student are available
- Information is provided on mental health in general and such specific areas as signs and symptoms of depression and anxiety
- Staff are informed in the area of suicide awareness and some are trained in interventions for suicidal students
- The school has developed links with a range of external agencies – list these agencies
- Inputs to students by external providers are carefully considered in the light of criteria about student safety, the appropriateness of the content, and the expertise of the providers. See DES Circulars 0022/2010 (Primary) or 0023/2010 (Post-Primary)
- The school has a clear policy on bullying and deals with bullying in accordance with this policy
- There is a care system in place in the school using the "Continuum of Support" approach which is outlined in the NEPS documents published on 2007 for primary schools and 2010 for post primary schools. See also Student Support Teams in Post Primary Schools (2014). These documents are available on www.education.ie
- Students who are identified as being at risk are referred to the designated staff member (e.g. guidance counsellor or support teacher), concerns are explored and the appropriate level of assistance and support is provided. Parents are informed, and where appropriate, a referral is made to an appropriate agency.
- Staff are informed about how to access support for themselves.

Confidentiality and good name considerations

Management and staff of Monaghan Collegiate School have a responsibility to protect the privacy and good name of people involved in any incident and will be sensitive to the consequences of public statements. Members of school staff will bear this in mind, and seek to ensure that students do so also, e.g. the term 'suicide' will not be used unless there is solid information that death was due to suicide, *and* that the family involved consents to its use. The phrases 'tragic death' or 'sudden death' may be used instead. Similarly, the word 'murder' should not be used until it is legally established that a murder was committed. The term 'violent death' may be used instead.

Consultation and communication regarding the plan

All staff were consulted and their views canvassed in the preparation of this policy and plan. Students and parent/guardian representatives were also consulted and asked for their comments.

Our school's final policy and plan in relation to responding to critical incidents has been presented to all staff. Each member of the critical incident team has a personal copy of the plan.

All new and temporary staff will be informed of the details of the plan by Martin Killoran

The plan will be updated annually
